# CONSTRUCTION SITE

Our office was doing a new type of event that required specialized security assistance. Our regular security company totally dropped the ball, and we reached out to PSP with relatively short notice. They provided all the people we needed, gave us all the information that was required by the FDNY in advance, and provided an onsite supervisor initially to make sure that everything was handled perfectly, which also helped manage our anxiety level. We did several large events after that first one, and routinely reached out to PSP whenever we were doing so. Some faces became familiar, but there were some new ones as well. Everyone we worked with was professional, polite, and personable. I cannot recommend them more highly!

~ Marge Pfleiderer

Working with Katie, Nico and their team for the past few years has been a great pleasure. Katie and Nico take great pride in their business and hire their team accordingly. Unlike many other security companies I've worked with in the past, PSP worked hard to truly tailor their services to our specific needs. If there ever was a question or concern, things were handled immediately and with great care and follow up. Additionally, if there ever was an emergency or last minute request, Nico himself would show up and make sure things were taken care of. We always felt safe and taken care of. Highly recommend PSP!

Great company for private security services! Always on time and extremely professional

~ Vanessa

Professional staff with a great management team. Communication is never an issue and they are well trained.

~ Diamond Reef

The BEST when it comes to restaurant / bar security in NYC - professional, always on time, and superior customer service. Working with PSP is like working with family!

~ Alex Silberstein

I found Private Security Protection Services, Inc. when I needed 24/7 security for one of my client's residential properties on very short notice. They were ready to go immediately and had no problem adjusting to the constantly shifting schedule. Communication was excellent and guards were professional. Would definitely recommend them for any security need.

# Katie Sanborn-Price, CFO

---

Katie Sanborn-Price does not have a background in security, but she does have a keen understanding of what small businesses need and how to get things done. She is a multi-tasker with a diverse set of skills at her disposal. It is not unusual for her to invoice clients, negotiate contracts, and then head out to take photographs at a new venue in the same day. Her attention to detail and superb people skills result in unparalleled client experience.
